Dear Sir:

Responsive to the Office Action dated February 9, 2001, please amend the above-identified application as follows:

IN THE CLAIMS:

Claim 1 (twice amended). A solid particulate pharmaceutical dosage form suitable for oral delivery comprising a sparingly water-soluble pharmaceutical agent in crystalline particulate form, wherein said particulate is at least partially coated with a solidified matrix consisting of a water-soluble polymer having a melting temperature less than that of the pharmaceutical agent.

REMARKS

Reconsideration of the above-captioned application in light of the foregoing amendment and the following remarks is respectfully requested.
